

Dear Parent/Guardian,

Your student has expressed interest in joining the School Media Committee. This committee is vital to the success of our Media Center, and it will allow your student the opportunity to serve as a decision-maker within our school community.

The Committee includes the Library Media Specialist, the Principal or a designee, two teachers, two parents or community members, and two students. Our responsibilities involve approving all new materials selected for purchase for the Media Center and hearing all requests for examination of school library materials.

If a community member requests the examination of a library book, the committee members are obligated to read the book and determine its age-appropriateness for the student body by completing a review form. In reviewing the material, your student may encounter mature content of a sexual or violent nature, but their insight into the material from a teen perspective carries great weight for the adult members of the committee.

Participation is, of course, optional, and your consent is required before we can admit your student to the committee. If you will allow them to serve with us, please sign below.

We sincerely appreciate your serious consideration of your student's participation, and we thank you for your time.
